Announced Audit

AUDIT EXECUTIVE SUMMARY:

Pier C, Chatam site receiving, rinsing, grading, washing with peracetic acid, sizing, weight, packaging, labelling palletizing and distributing carrots in different sizes and formats according to customer's requirements. The operation is located in a rural place close to Chattam. The product is transported from the farm to the cooling storage, then processed in the washing line and packaged. The product can also be peeled for special customers. The product is distributed in refrigerated trucks to USA and Canada. 40 employees were working in the line during the audit. The washing carrots operation was reviewed during the audit, however, the production line for the peeling process was not working during the audit and it cannot be reviewed.
